Space and Naval Warfare Systems Center Awards Contract

SAN DIEGO — Science Applications International Corporation (SAIC) of San Diego, California, is being awarded a \$7,325,054, indefinite delivery/indefinite quantity type contract with cost-plus-fixed-fee pricing for an engineering support services contract for the formulation, design, development, prototyping and evaluation of new technology for programs using sensors, image processing, communications, information, and control system. This contract contains four options which, if exercised, will bring the total cumulative value of the contract to \$38,399,667. Work will be performed in San Diego. The period of performance is from September 14, 1999 to September 13, 2000. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured with 71 firms solicited, 1,224 visits to the Business Opportunities Home Page Web site, and two offers received. Space and Naval Warfare Systems Center, San Diego, is the contracting activity. (N66001-99-D-8622)
